

NEW ERA

I BELIEVE...

1975  
EMITONIAN

*Eminence High School*

*Eminence, Indiana*

We, the annual staff of 1975, believe this annual is a memorial to all the important and heart-warming experiences of the year 1974-75. It is filled with memories of school days, sports events, activities, and other happenings which we hope you wish to remember for the rest of your life.

School is not only studying and tests; it is your entire social life for 12 years, and what happens in those years is a very important factor in how you will see the world when you are on your own.

"Though a man be wise, it is no shame for him to live and learn."

Sophocles

"Live as if you would die tomorrow.  
Learn as if you would live forever."

## Science Fair

Trophies and ribbons for first, second and third place were awarded as prizes.

This year's Science Fair was the biggest and best at Franchnee.

There were entries from members of every class-kindergarten through 12.

Students were allowed a sneak preview of the exhibits before the fair started.

## *Elementary*

Wandering through the elementary, you can always find something going on.

# *Snaps*

THE NEW HIGH SCHOOL BUILDING

# PROGRESS

*Believe*

*Has Come  
To E.H.S.*

1900-1906 The first permanent brick building erected to house the student body of Eminence High School.

1907-1928 As the school expanded, a new building was needed and this six-room schoolhouse was built.

1931: This building was completed in 1931, making way for a full academic course.

1957: Increased enrollment demanded more space and this addition was built.

Light. Who says I can't come in this way.

Above: The tree had to be removed before anything else could start.

Starting to push dirt for the new building.

Above: A stranded motor car wasn't part of the original plans.

Above: Prominent dignitaries.

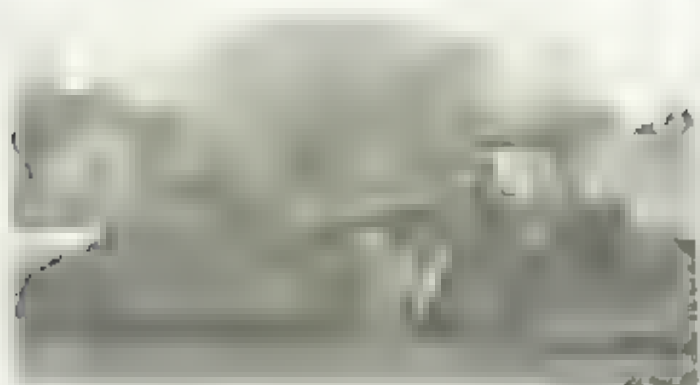

Below: The band played for the ceremony.

Ground breaking ceremony, April 20, 1964.

# To Inno- vation

Above: Of course I know what I'm doing

Above: I told you to wipe your feet before you came in.

Above: Lots of help????

Below: Believe me, this is harder than it looks!!

Below: The cornerstone laying ceremony was held on July 5, 1974. Among other things placed in the cornerstone were: a copy of the United States Constitution, a copy of the Martinsville Reporter, and a copy of the Indianapolis Star, various pictures of past and present Eminence schoolhouses, a copy of the 1974 Emitonian, and a list of all Eminence High School graduates.

## *Au Revoir—*

Now that our high school days are over we close the door on twelve of the most important years of our lives. We would especially like to thank our parents, teachers and friends who made it possible for us to complete a major part of our education. We believe this poem appropriately expresses our thoughts

Although this note says  
"Thank You"  
In just this simple way,  
There's special meaning  
in these words  
It's all of you today  
For the thoughts  
That prompt this message  
Are especially warm and true  
and "Thank You"  
doesn't half express  
our gratitude to you.

Thank You.

The Staff

## Advertisers

We the staff of 1975 would like to thank all of you for your aid and support which has helped to make this year possible. We are grateful for your generous contributions, and assistance in helping us throughout the year. We hope you are satisfied with your advertising in the book and will continue to support the Emmonian. Once again thank you for your cooperation.

Thank You  
The Staff
